SALE INFORMATION

This good herd of Kaniksu Shorthorn cattle was founded in 1927 by Frank H. Anselmo, Priest River, Idaho. Later Frank took his sons into partnership with him.

The Anselmos have been operating a machinery business for many years at Priest River and Bonners Ferry, Idaho. This business has so flourished that it has demanded the full time of Frank Anselmo for some time past and the business is still growing rapidly which leaves him no time for other ventures.

Being unable to secure competent help to manage the herd of Registered Shorthorns, Frank has decided to disperse the herd. We, as Shorthorn breeders, hope and feel that Frank will again enter our ranks when help is available.

The herd is and has been absolutely clean of any disease.

The herd is in good breeding shape, which insures continued breeding performance for the purchaser, however the reaction to the seller will not be so good, since these cattle will not sell nearly as high, as had they been fitted for this dispersal sale.

The feature of the sale will of course be imported Cluny Royal Souvenir, the herd sire that has been used in this herd for two years, and has proven his worth as a sire of outstanding calves, the first of which sold for \$1000 to Hugh L. Barnes of Utah.

The sire, grandsire, the great grandsire, and at the February sale a half-brother, all were Supreme Champions at the greatest Shorthorn sales in Perth, Scotland. No bull today has such an impressive background of good breeding bulls and show bulls. Being a complete dispersal sale, this outstanding bull will sell, making an opportunity for Shorthorn breeders to obtain a bull that would command respect in any sale anywhere.

This bull will most likely go to one herd, however this dispersal presents the opportunity to secure the desirable bloodlines of this great breeding bull through his calves and through the females carrying his service.

Twenty-seven cows and heifers with calves sired by imported Cluny Royal Souvenir, 25 cows and heifers carrying his service, and a number of open heifers sired by him will be dispersed. Ten yearling bulls sired by this proven sire also sell.

All individuals sold will carry the guarantee endorsed by the American Shorthorn Breeders' Association.

The sale will be held under roof at the Old Union Stockyards, Spokane, May 17th. Sandy Keith selling the cattle.

We know of no place in America where you could go and buy a bull or his progeny whose immediate ancestors had as many Perth Champions at the top of his pedigree. Cluny Royal Souvenir was sired by Calrossie Souvenir, a red bull, that was Supreme champion at Perth Scotland in 1941. Those who have seen his picture will agree that he just appears to have everything an outstanding bull should have. The grandsire of Cluny Royal Souvenir was Calrossie Souvenir, also a Perth Supreme Champion in 1941 and a bull that heads the herd of Thomas E. Wilson at Edellyn Farms in Illinois, and has made history in the breed. The great grandsire of Cluny Royal Souvenir was Calrossie Control, also a Perth Supreme Champion, and one of the most outstanding breeding bulls in Scotland. At the Perth show this past February, a half brother of Cluny Royal Souvenir, being sired by the same bull, Calrossie Souvenir, was named Supreme Champion. No bull in America can boast of such show and breeding records. Cluny Royal Souvenir is a dark red bull, good headed, modern type and conformation, short-legged, and covered with a loose pliable hide. The bull is a proven breeder. You will like the uniformity of his calves, practically every one a good red. His first calf sold to Hugh Barnes, Utah, for \$1000.00 before weaning time. This bull would never be offered for sale were this not a dispersal.

This is the first calf sired by Cluny Royal Souvenir. This unretouched cut shows the first calf sired by Cluny Royal Souvenir just as he really is. Hugh Barnes of Utah visited the Anselmo Farm in December and purchased him for \$1,000.00. Many of his brothers will be offered in this sale.

This is an unretouched picture of Imported Cluny Royal Souvenir and six of his sons—all red ones—he breeds that way. Note their uniformity of type and conformation. A front view would disclose good heads on everyone.

When the sales manager visited the farm and went over the cattle with Frank and the boys, he was struck with the fact that on this one particular cow, they all agreed that she was probably the most useful cow in the herd. She is a producer of the better kind, one of her bull calves headed a class of 31 bulls at the Inland Empire Shorthorn Breeders show and sale in Spokane, 1943. Her pedigree is the desirable sort, and she is the foundation kind.
